

Services and Programs Available at Campbellford Memorial Hospital and from their Partners in Local Health Care

Overview of Programs, Services & Clinics

Campbellford Memorial Hospital (CMH) and its partners place great importance on being a "family-centred" hospital. Entering a hospital can be overwhelming for you and your loved ones. That's why our physicians and staff are committed to providing outstanding and compassionate care. They are also sensitive and responsive to the issues facing your family and support network.

CMH is very proud of the wide range of the services that are available to the residents in our catchment area through the hospital and its partners. These services include:
