

CAMPBELLFORD

MEMORIAL HOSPITAL FOUNDATION

**SUCCESSFULLY
COMPLETED**

Thank you to everyone who supported the *Buy a Pump Campaign*.

In Mid-March of 2020 Campbellford Memorial Hospital got some great news with the arrival of 40 new IV Pumps. The arrival and roll out of the pumps on the patient floor and Emergency Department capped the successful *Buy-A-Pump Campaign* that raised \$175,000 for the new pumps. The pumps took a bit longer to arrive than expected due to a delay with the supplier, but if there is one thing we have learned in current times it's patience. Despite everything going on at the Hospital when the pumps arrived they were put in our Training Room for programming and staff training before being put into use. Thank you to Travis Boivin, the Hospital's Collaborative Practice Leader and Andrew Mitchinson and the I-T Team for their hard work getting the pumps ready. A special thanks to all of the donors who supported the *Buy-A-Pump Campaign*. We could not have done it without you. This is another perfect example of how donor support improves health care in your community.
