A Special Message from the CMH Board of Directors

CAMPBELLFORD

MEMORIAL HOSPITAL

On behalf of the Campbellford Memorial Hospital's Board of Directors, I want to say how impressed we are by the efforts of our health care team in combatting COVID-19. While remaining physically distant from the hospital, the Board has continued to meet virtually to ensure that we are able to continue to support the exceptional efforts being made by all members of the CMH team.

We have never experienced anything like COVID-19 but CMH staff successfully adapted to the changing circumstances and continued to provide exceptional care in spite of the inherent risks and personal inconvenience.

Our CMH team, along with our community partners, pulled together remarkably in the face of very challenging times. Examples are many and varied but include preparing spaces in the hospital for COVID care, frequent simulations and scenario planning to ensure plans were solid and the establishment of patient and staff screening and testing.

On behalf of the Hospital Directors, I want to again say a most sincere thank you to all of the staff and physicians and commend you for your compassionate care and your courage during COVID.

I would also like to thank the donor community for its support over the past few months.

Your financial contributions to the *Support the Effort Campaign*, along with donations of Personal Protective Equipment, skillfully made homemade masks, gowns and scrub caps and food for our frontline staff is very much appreciated. We are forever grateful for your support of our wonderful hospital, especially in such trying times, and we hope you are in some way able to continue with that absolutely critical support.

Thank you for doing your part, for standing by our side, for helping your hospital through much appreciated donations, and helping your fellow community members.

Paul Nichols, Chair CMH Board of Directors
